

TRANSITIONING TO NEXT GENERATION SCIENCE STANDARDS

FOSS California Two-Day Summer Institute 2015

Monday, July 6, 10:00am - 4:30pm and Tuesday, July 7, 8:30am - 3:30pm

The FOSS Leadership Team from the Lawrence Hall of Science can help you transition to the Next Generation Science Standards (NGSS) with FOSS, building on your use of the current FOSS CA Edition and moving toward FOSS Next Generation. We will share strategies and tools designed to help your team meet the expectations of the NGSS and the Common Core State Standards for ELA using FOSS materials. We will:

- Learn to implement scientific and engineering practices, engage with crosscutting concepts, and develop the disciplinary core ideas of science.
- Use Common Core ELA and the new CA ELD standards to further promote and advance content knowledge, scientific practices, and academic language literacy.
- Explore, analyze, and interpret data within FOSS Next Generation lessons.
- Construct explanations and engage in argumentation from evidence as tools to deepen student knowledge.

Registration deadline: May 15, 2015

There is a fee of \$175 for participants registering as individuals; \$150 for participants registering as team members. Registration is limited to 40 participants.

Register online: <https://www.regonline.com/fosscalifornia2015>

Once you have completed online registration, you will have the option to pay online by credit card or to mail a check. To arrange payment by purchase order contact us for more information.

Included in the registration fee is: choice of the new FOSS Next Generation teacher toolkit, handouts, refreshments, and parking.

PAYMENT INSTRUCTIONS

If paying by PO, please contact Carolyn Billingsley, 510-642-7154, cbillingsley@berkeley.edu

If paying by check please make checks payable to "UC Regents" and mail to:
